

iSCare and Hosting Overview

(Maintenance included within our iS Pro and ProX Hosting Packages)

Just like your computer or phone, keeping your website updated is critical in maintaining site access, safety and security, and keeping your clients confident in your company.

This used to be an expensive or time-consuming issue for many website owners. Not any more. With our mission statement of "How can we help you?" The Image Stop Ltd. has created a maintenance package that keeps sites current and backedup regularly and does not cost a fortune.
